5	Whilst the Town Hall has been adequate over recent years we are now seeing audiences for our meetings get to full capacity. We are therefore reluctant to advertise too much in case we get over capacity and end up being embarrassed by turning people away.	2/18/2015 3:21 AM
6	I anticipate that regular attendance will grow in the coming years. I would also like to develop singing/choirs working with specific health needs, eg COPD, mental health, as well as a mums' & grams' choir and a dads' and grandads' choir. These smaller specialist groups wouldn't need such a large space, but there is little available for reasonable hire charges.	2/16/2015 9:58 AM
7	We would like to join other groups in the community rather than hire space and set up activities ourselves. For example, drama or dance.	2/16/2015 9:03 AM

2	It would be good if we could offer tea/coffee facilities at some of our meetings but with our full use of chairs it leaves little room to drink/socialise safely. A sound system to include hearing loops would be useful.	2/18/2015 3:26 AM
3	We mainly have talks	2/17/2015 6:39 AM
4	Square meeting area big enough to form a large horseshoe with conductor at front, and clear wall space for overhead projector use. A cloakroom area for coats would be helpful. Smaller rooms for smaller specialist groups. Good acoustic essential (wooden floor, mansard shape inner ceiling)	2/16/2015 10:08 AM

4	The increase in population will mean we will probably need more playgroups, another Scout Group, another Girl Guide Group and more groups for the older members of the community. I think we need a hall with its own kitchen that can cater for a range of different groups for example, playgroups in the morning, tea dances or meetings for members of the older community in the afternoons and cubs, brownies etc in the evenings. However, storage is vital as these groups require a lot of kit, especially scout and guide groups who need to store tents and camping gear. The facility should have plenty of parking spaces and ideally a nice grassed area. The hall at Cucklington is a lovely example. The hall should be larger than the town hall and should be capable of seating around 150-200 people (the Town Hall seats around 80 people in rows)	2/20/2015 1:14 PM
