Part B – Representations

Please answer as many questions or as few questions as you wish. There is a box at the end of the form where you can provide any comments that you may have.

Housing

1. Do you consider that a housing need figure of 366 dwellings a year is an appropriate figure on which to plan for housing growth in North Dorset? If not, please set out what you consider to be an appropriate figure and provide reasons for this.

Yes

No

If you have answered 'No' please set out an alternative housing figure and provide reasoning to support your answer

. a) Before any further house building takes place, adequate infrastructure should be in place to accommodate the houses already built and being built. Infrastructure should be in place BEFORE house-building starts.

b) The eastern housing development in Shaftesbury has had a major impact on existing town facilities, particularly road usage, health services and schools. Shaftesbury has little land left to develop, so if houses have to be built, the burden should be shared and perhaps a few extra houses in many locations in the villages would be more acceptable. Houses do not have to be within a town – many of us live very happily in villages or on the outskirts of a town.

Employment

2. Do you consider that additional employment land should be allocated for development at Blandford as part of the Local Plan Review?

Yes

No

3. Do you consider that there is a need to allocate additional employment land in any other part(s) of the District?

Yes

No

Spatial Strategy

4. Do you consider that the existing spatial strategy, as set out in LPP1, should be amended to allow for some limited growth at Stalbridge, beyond just meeting local needs?

Yes

No

5. Do you think that the Council should consider implementing any other alternative spatial strategy through the LPR? If so, please explain your reasons why.

Yes

No

If you have answered 'Yes' please set out your alternative spatial strategy and provide reasoning to support it.

Blandford (Forum and St Mary)

6. Do you agree with the conclusions regarding the areas of search identified at Blandford?

Yes

No

7. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

If you have answered 'Yes' please set out what you see as the further issues.

8. What are the additional infrastructure requirements that are likely to result from potential future development at Blandford?

Please set out what you see as the additional infrastructure requirements.

Gillingham

9. Do you agree with the conclusions regarding the areas of search identified at Gillingham?

Yes

No

10. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

If you have answered 'Yes' please set out what you see as the further issues.

11. What are the additional infrastructure requirements that are likely to result from potential future development at Gillingham?

Please set out what you see as the additional infrastructure requirements.

Shaftesbury

12. Do you agree with the conclusions regarding the areas of search identified at Shaftesbury?

Yes

No

13. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

If you have answered 'Yes' please set out what you see as the further issues.

Any development which jeopardizes the views and unique historic aspects of the town is to be deplored. Current new houses are crammed together in a way which is unsympathetic to the character of the town. There is already a significant East/West divide. Smaller numbers of houses where there is room to infill with sensitivity to the environment could be considered. I wonder if anyone from the government has ever been to Shaftesbury and seen the lack of land suitable for homes? 285 homes a year seems and impossible target, let alone over 300

14. What are the additional infrastructure requirements that are likely to result from potential future development at Shaftesbury?

Please set out what you see as the additional infrastructure requirements

- a) A bypass road to ease traffic flow and congestion on Christy's Lane, which would also make journeys to and from the schools safer.*
- b) Additional car parking in town, at the Health Centre and close to schools so that parents' cars do not cause disruption to nearby residents.*
- c) Adequate water supply and sewage systems.*
- d) Adequate health and social services, with sufficient doctors to meet the new demand.*
- e) Green open spaces to be retained to conserve wildlife and prevent Shaftesbury looking like an inner city area.*
- f) Suggested developments are often sold to the public with all the plus points being highlighted and later minor and then major changes are made to the original plans. Whatever is presented to the public should be adhered to with no subsequent alterations and be made legally binding.*

Sturminster Newton

15. Do you agree with the conclusions regarding the areas of search identified at Sturminster Newton?

Yes

No

16. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

If you have answered 'Yes' please set out what you see as the further issues.

17. What are the additional infrastructure requirements that are likely to result from potential future development at Sturminster Newton?

Please set out what you see as the additional infrastructure requirements.

Stalbridge

18. Do you agree with the conclusions regarding the areas of search identified at Stalbridge?

Yes

No

19. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

If you have answered 'Yes' please set out what you see as the further issues.

20. What are the most important infrastructure requirements that are likely to result from potential future development at Stalbridge?

Please set out what you see as the additional infrastructure requirements.

The Villages

21. Do you agree with the Council's proposed approach in relation to future development at the eighteen larger villages within the District or do you think that the Council should consider an alternative approach?

Yes

No

If you have answered 'No' please set out your alternative approach and information/reasoning behind this.

Affordable Housing

22. Do you consider that the existing reference to nine dwellings in Policy 9 of LPP1 should be removed from the policy to allow larger schemes to come forward where there is evidence of local need in excess of that which could be met by the provision of nine dwellings?

Yes

No

23. Do you consider that the existing policy approach, which seeks to prevent exception sites coming forward adjacent to the four main towns within the District, should be amended?

Yes

No

24. Do you consider that the Council should continue with its existing policy approach, which allows for a small number of market homes on rural exception sites?

Yes

No

Self-Build and Custom-Build Housing

25. Do you consider that the Council should facilitate the provision of self-build housing by any, some, or all of the following options?

Yes

No

a. Allowing serviced plots to come forward under the current development plan policies.

Yes

No

b. Updating Policy 7 (Delivering Homes) in the Local Plan Part 1 to promote the provision of serviced plots of land for self-build housing.

Yes

No

c. Requiring on sites above a certain size that serviced self-build plots should be made available as a proportion of the total number of dwellings permitted (with or without a minimum number being specified) on-site.

Yes

No

d. Allowing a proportion (up to 100%) of self-build plots on exception sites (with controls over the resale

value of the properties).

Yes

No

e. Identifying land in public ownership which would be sold only for self-build development.

Yes

No

f. The use of Local Development Orders to facilitate self-build development.

Yes

No

26. Are there any other approaches that could be used to meet the demand for self-build housing?

Yes

No

If you have answered 'Yes' please outline the other approaches which the Council could pursue.

Ensuring the Vitality and Viability of Town Centres

27. Do you consider that the existing hierarchy and network of centres, as set out in LPP1, should be amended to include Stalbridge as a 'local centre'?

Yes

No

Important Open or Wooded Areas (IOWAs)

28. Do you agree that those IOWAs, which are protected from development by other planning policies or legislation, should be deleted?

Yes

No

The A350 Corridor

29. Do you consider that the land which is identified and safeguarded for the Shaftesbury Outer Bypass and the Charlton Marshall and Spetisbury Bypass should continue to be identified and safeguarded for such purposes?

Yes

No

Comments

If you have any comments about the Issues and Options Document or the Sustainability Appraisal please set them out in the box below. If your comments are in relation to a specific question or chapter of the Issues and Options Document then please state which question or chapter your comments relate to.

This has not been a user-friendly exercise and as such will have frustrated many. The results will therefore not represent fully the opinions of the majority of the town.

Cherish the uniqueness of what we have and develop a town of which future generations can be proud, not one which ticks all the government's boxes at the expense of the quality of life here.

Continue on a separate sheet if necessary
