## Part B – Representations

Please answer as many questions or as few questions as you wish. There is a box at the end of the form where you can provide any comments that you may have.

### **Housing**

1. Do you consider that a housing need figure of 366 dwellings a year is an appropriate figure on which to plan for housing growth in North Dorset? If not, please set out what you consider to be an appropriate figure and provide reasons for this.

Yes

No

*If you have answered 'No' please set out an alternative housing figure and provide reasoning to support your answer.*

The planning authority is right to follow government advice on this issue

It is not agreed that in the long term, the highest level of housing provision of 366 (option C) is likely to result in significant adverse impacts upon the environment. I appreciate this is a matter of judgement but even 366 dwellings per annum would only require 0.04% of the total district area (based on 30 dwellings per hectare and a total district area of 60,920 hectares). It is hard to justify a strong negative effect on biodiversity, water, air, climate change landscape historic environment, all of which could be avoided.

### **Employment**

2. Do you consider that additional employment land should be allocated for development at Blandford as part of the Local Plan Review?

Yes

No

3. Do you consider that there is a need to allocate additional employment land in any other part(s) of the District?

Yes

No

### **Spatial Strategy**

4. Do you consider that the existing spatial strategy, as set out in LPP1, should be amended to allow for some limited growth at Stalbridge, beyond just meeting local needs?

Yes

No

5. Do you think that the Council should consider implementing any other alternative spatial strategy through the LPR? If so, please explain your reasons why.

Yes

No

*If you have answered 'Yes' please set out your alternative spatial strategy and provide reasoning to support it.*

### **Blandford (Forum and St Mary)**

6. Do you agree with the conclusions regarding the areas of search identified at Blandford?

Yes

No

7. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

*If you have answered 'Yes' please set out what you see as the further issues.*

The SA for Area J is flawed.

The site is within an AONB but abuts the Urban Area. The impact of development within area J **is not** considered to be significant because of its proximity to the industrial estate. Visually the site lies within the Blandford by-pass. The impact on the wider landscape should be assessed in the context of the location within the bypass.

The land forms part of a farm under arable cultivation and is not subject to any bio-diversity classification. Any impact is thus considered to be **slight**.

Reference is made to the "*adequacy of Tin Pot Lane*." This is not the only potential access. There is a possible access from the west from Whitecliff Mill Hill.

The farmer is not aware of any ground contamination.

The North Dorset Trailway passes through the lower part of the site providing a viable alternative form of sustainable transport. Residents would be able to walk or cycle to the town centre as well as the adjoining employment area. The lower slopes would have less impact on the landscape. The apparent limitation in the SA to the upper part of the site seems particularly flawed.

8. What are the additional infrastructure requirements that are likely to result from potential future development at Blandford?

*Please set out what you see as the additional infrastructure requirements.*

Additional housing is likely to require additional primary school places and some enhancement of medical facilities. Alternatives are already under consideration for the school provision.

**Gillingham**

9. Do you agree with the conclusions regarding the areas of search identified at Gillingham?

Yes

No

10. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

*If you have answered 'Yes' please set out what you see as the further issues.*

11. What are the additional infrastructure requirements that are likely to result from potential future development at Gillingham?

*Please set out what you see as the additional infrastructure requirements.*

**Shaftesbury**

12. Do you agree with the conclusions regarding the areas of search identified at Shaftesbury?

Yes

No

13. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

*If you have answered 'Yes' please set out what you see as the further issues.*

14. What are the additional infrastructure requirements that are likely to result from potential future development at Shaftesbury?

*Please set out what you see as the additional infrastructure requirements.*

**Sturminster Newton**

15. Do you agree with the conclusions regarding the areas of search identified at Sturminster Newton?

Yes

No

16. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

*If you have answered 'Yes' please set out what you see as the further issues.*

17. What are the additional infrastructure requirements that are likely to result from potential future development at Sturminster Newton?

*Please set out what you see as the additional infrastructure requirements.*

**Stalbridge**

18. Do you agree with the conclusions regarding the areas of search identified at Stalbridge?

Yes

No

19. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

*If you have answered 'Yes' please set out what you see as the further issues.*

20. What are the most important infrastructure requirements that are likely to result from potential future development at Stalbridge?

*Please set out what you see as the additional infrastructure requirements.*

### **The Villages**

21. Do you agree with the Council's proposed approach in relation to future development at the eighteen larger villages within the District or do you think that the Council should consider an alternative approach?

Yes

No

*If you have answered 'No' please set out your alternative approach and information/reasoning behind this.*

### **Affordable Housing**

22. Do you consider that the existing reference to nine dwellings in Policy 9 of LPP1 should be removed from the policy to allow larger schemes to come forward where there is evidence of local need in excess of that which could be met by the provision of nine dwellings?

Yes

No

23. Do you consider that the existing policy approach, which seeks to prevent exception sites coming forward adjacent to the four main towns within the District, should be amended?

Yes

No

24. Do you consider that the Council should continue with its existing policy approach, which allows for a small number of market homes on rural exception sites?

Yes

No

### **Self-Build and Custom-Build Housing**

25. Do you consider that the Council should facilitate the provision of self-build housing by any, some, or all of the following options?

Yes

No

a. Allowing serviced plots to come forward under the current development plan policies.

Yes

No

b. Updating Policy 7 (Delivering Homes) in the Local Plan Part 1 to promote the provision of serviced plots of land for self-build housing.

Yes

No

c. Requiring on sites above a certain size that serviced self-build plots should be made available as a proportion of the total number of dwellings permitted (with or without a minimum number being specified) on-site.

Yes

No

d. Allowing a proportion (up to 100%) of self-build plots on exception sites (with controls over the resale value of the properties).

Yes

No

e. Identifying land in public ownership which would be sold only for self-build development.

Yes

No

f. The use of Local Development Orders to facilitate self-build development.

Yes

No

26. Are there any other approaches that could be used to meet the demand for self-build housing?

Yes

No

*If you have answered 'Yes' please outline the other approaches which the Council could pursue.*

### **Ensuring the Vitality and Viability of Town Centres**

27. Do you consider that the existing hierarchy and network of centres, as set out in LPP1, should be amended to include Stalbridge as a 'local centre'?

Yes

No

### **Important Open or Wooded Areas (IOWAs)**

28. Do you agree that those IOWAs, which are protected from development by other planning policies or legislation, should be deleted?

Yes

No

### **The A350 Corridor**

29. Do you consider that the land which is identified and safeguarded for the Shaftesbury Outer Bypass and the Charlton Marshall and Spetisbury Bypass should continue to be identified and safeguarded for such purposes?

Yes

No

## **Comments**

If you have any comments about the Issues and Options Document or the Sustainability Appraisal please set them out in the box below. If your comments are in relation to a specific question or chapter of the Issues and Options Document then please state which question or chapter your comments relate to.
