Answer to question 1 Yes. Providing adequate consideration is given to the provision of schooling, medical facilities and other support services. 2 We agree that Stalbridge should be included.

3 We Agree to the allocation of more employment land in Blandford and also other suitable parts of North Dorset.

4 We Agree to the consideration of additional exception sights next to Blandford, Gillingham, Shaftesbury and Sturminster Newton.

5 It is vital that the land identified and safe guarded for the Shaftesbury outer bypass, and the Charlton Marshall & Spetisbury by-pass should continue to be identified and safeguarded. The A350 south of Shaftesbury is used by articulated transport weighing 40/50 tons, and the road is not designed or suitable for such traffic, which is undermining adjoining village properties and is responsible for a number of traffic accidents and injury to life. Vehicles of this nature should only be allowed to travel on suitably designed roads, such as would be the case for a By-Pass.

Yours Faithfully. Mr. Mrs A Fuller.
