Wessex Water has existing apparatus passing through some of the designated Local Green Spaces. The Policy prohibits development taking place within these spaces “if it would harm their green character and the reason for their designation”. This policy must not constrain maintenance or improvement programmes, which are critical for the efficient and safe operation of Wessex Water services.

Additionally, some areas of Shaftesbury are within a Supply Source Protection Zone 1. Therefore, the use of soakaways here must be with caution and appropriate sustainable drainage systems implemented, to ensure the protection and sustainability of this zone.
